HausundElektronik

Zeitschrift für Elektro- und Gebäudetechnik

brief description

Haus und Elektronik is a quarterly technical journal for trade, handcraft, architects and planners. The magazine informs about new products as well as trends and new technologies through detailed contributions, technical features, and news updates.

Issue no. 2 will be released with a comprehensive buyers' guide dealing with various themes all around the house and electricity.
It includes companies' addresses, product indices and representatives of manufacturers from abroad. A free registration is always possible. The issue in question will also be displayed at the trade press booth of the the exhibition "eltefa".
